PROFESSIONAL SUMMARY

Enthusiastic Computer Science student with a solid background in Java programming and understanding of Data Structures and Algorithms (DSA). Proficient in HTML, CSS, JavaScript, and React, with a knack for both iterative and recursive problem-solving. Exhibits strong leadership abilities that foster collaboration and spark creativity. Actively involved in keeping up with the latest industry advancements and focused on delivering solutions that are both meaningful and result-oriented.

Technical Skills

Languages: Java(Oops), SQL, JavaScript, HTML/CSS

Frameworks: React.js, Node.js, Tailwind

Developer Tools: Git, GitHub, Docker, Node.js, MongoDB, Google Cloud Platform, VS Code, Visual Studio.

EDUCATION

- Bachelor of Technology (B.Tech) in Computer Science Engineering | DIT University, Dehradun, Uttarakhand.
 Session: 2021-2025.
- Passed Intermediate (ISC) from Marshal School, Dehradun, Uttarakhand in 2021.
- Passed High School (ICSE) from City Montessori School, Lucknow, Uttar Pradesh in 2019.

EXPERIENCE

Internship Experience: SodlanTech Pvt. Ltd., Dehradun, Uttrakhand.

Summer Intern: Full Stack Developer **Duration:** June 2024 - July 2024 (2 Months)

Contributed to the development of **ridingmoto.com** as part of the development team and applied beginner-level web technologies to real-world project requirements.

Front-End: Assisted in creating responsive user interfaces using HTML, CSS, and basic JavaScript, and React.

Back-End: Supported server-side development with Node.js and MySQL.

PERSONAL PROJECTS

- DRAPE: a minimalist portfolio project that I developed to showcase refined and timeless fashion aesthetics.
 Built with a combination of HTML, CSS, JavaScript, and Tailwind CSS, Drape emphasizes clean design and accessibility. It features a sleek, user-friendly interface with a focus on visual storytelling, making it an elegant solution for designers or creatives looking to present their work in a sophisticated and modern way.
- **QR Code Generator**: The sleek and modern interface allows users to customize QR codes by entering URLs, choosing colors, and generating the final result. This project showcases my web development skills and emphasizes user-friendly design principles. By creating a seamless experience for users, I demonstrated my ability to combine functionality with visual appeal.
